Dear Commissioner Turner and Mr. Vable:

The Division of Workforce Development (DWD) has completed the review of the Northeast Region's Workforce Investment Act/Wagner-Peyser Act Local Plan. The purpose of this plan modification was to update the current plan and capture the effects of the Next Generation Career Center initiative on the local workforce system.

After a complete review, DWD is pleased to approve this modification, which is effective for Program Year 2010.

The changes received on October 21, 2010 and January 26, 2011 regarding the Northeast Region's Workforce Investment Board membership, have also been approved. The new members are Joyce Carroll, Teresa Keller and Jeff Anderson.

A complete copy of the Northeast Region's final approved plan must be submitted electronically to DWD within 30 days of the date of this letter. The electronic submission can be either a link to the plan on your region's website (preferred method) or an electronic copy submitted via e-mail, and sent to both Sue Sieg and Anita Henry.

I want to personally thank you on behalf of my staff for being patient as we all worked through this year's planning process under the new NGCC Model. Please contact Clinton Flowers, Performance and Research Manager, (573) 526-8261, if you have any questions or require further clarification.

Sincerely,
